BUILDING BETTER NEIGHBORHOODS IN SIOUX CITY

WHAT IS THE NEIGHBORHOOD NETWORK?

The Neighborhood Network is a coalition made up of many Sioux City neighborhood groups.

OUR MISSION STATEMENT

The Sioux City Neighborhood Network is an organized group of concerned citizens working together to resolve issues affecting our neighborhoods and to support changes that will create a positive impact within our community.

While each neighborhood has different problems, residents of all neighborhoods want the city's decision-making process to be responsive to their needs. The Neighborhood Network helps residents become better informed and provides a link between Sioux City's neighborhoods and City Hall.

WHAT CAN THE NEIGHBORHOOD NETWORK DO?

Citizens meet regularly in their respective neighborhoods to develop solutions to local problems and put them into action. They form a protective network of concern throughout the city.

Neighborhood groups are the “eyes and ears” of the city. They have the insight and common sense needed to deal with local and citywide issues.

BECOME A CHAMPION WITHIN YOUR COMMUNITY

The last time we checked, two heads were better than one. Twenty-five heads can be awesome! Ten organized neighborhood groups will be a powerful force for Sioux City.

Neighborhood Network Meetings are held the 2nd Thursday of every month at 6:00 PM, Police/ Fire Dept., 601 Douglas Street. If you are interested in attending a meeting or getting involved, please contact Neighborhood Network President, Rick Arnold by phone at (712) 251-8877 or by email at RickArnold@myUnitedAgent.com for more information.
